

**The Lord God is my
strength;
He will make my feet like
deer's feet,
And He will make me
walk on my high hills.
Habb. 3:19**

This picture was taken at the summit of Mount Vitosha south of Sofia at an elevation of 7,514 feet. This rare Bulgarian cougar was also spotted on the Peak of Ruen Mountain at the Bulgarian Macedonian border at an elevation of 7,385 feet.

We have been enjoying the beauty of the Bulgarian mountains and at the same time are shouting “grace, grace” to the spiritual mountains that rise against us in ministering the Gospel here in Sofia. We are greatly encouraged as we see time and time again the faithfulness of God as He removes them.

Services at our new building are continuing, and we have begun a Sunday evening service in another part of the city. Daniela Pjetri from Albania is back with us, and we are beginning two new Bible studies; one at her university, and one near her dorm. Bible College is starting soon with a live Bible survey course and a taped applied doctrine class.

Please pray for these visions:

Our heart is to visit Macedonia and Albania on a regular basis, to evangelize and invest in the believers there. We also are hoping to create a website for the church. We have purchased the material needed to teach English as a second language, and plan on beginning classes soon.

Please pray for these needs:

Salvations and disciples, team members, music ministry, learning Bulgarian, translators, computer, vehicle, advertising.

All that God has done, all the mountains that have been removed, and all the landmarks that have been established, are all because of your prayers and support. We are so very grateful and thankful for your love toward us.

Pastor Dennis, Jayne, & Ruth Hulett,
Team Bulgaria
